1. List up to 5 things the instructor did that contributed to your learning

- Encouraged my class participation
- Met w/ her during office hours (very available)
- Quick email response
- Her high interest in subject kept me intrigued - even though attendance wasn't always mandatory

2. List up to 5 things that you think the instructor should change about this course

- Nothing. Loved in class experiments. Seemed like best way to learn material effectively

3. Do you have any comments about the content of the course?

- Ideal content. good textbook

4. Is there anything else you would like the instructor of this course to know?

- Favorite teacher I've had @ Oswego (3 years)
- Favorite class as well. Very few lectures. The in class experiments helped keep me focused and helped me learn the material through a hands on learning - something I haven't seen at Oswego in 3 years.

Your feedback is much appreciated. Really.

1. List up to 5 things the instructor did in the course that contributed to your learning

- Made online notes available.
- Very flexible office hours
- Used a strong book and cooperative online assessment service.

2. List up to 5 things the instructor might change about this course

- Give a little longer to complete Aplia assignments.
- Second semester was much better about this.

3. What are your thoughts on the helpfulness of the assignments? Aplia? Clickers? Overall technological aspect?

Aplia assignments allowed for much needed critical thinking to allow for the understanding of the material.

Clickers - Easy way to gauge attention/ understanding/ and attendance.
Great use of tech to help the class.

4. Is there anything else you would like the instructor to know?

The only thing I would say is posting the powerpoint notes ahead of time would be very helpful.
